### Medium to Full Bodied Reds

#### 2011 - 'Hot Rocks' Pinot Noir

Grown along the banks of the Molalla river this spot gets 10-15% more heat due to the stone reflection and thin soils. What comes out is a deeper, darker Pinot Noir that is more muscular than most. *We think this Pinot stands up to most \$40 bottles in the valley* \$7- glass / \$24 bottle / Aurora Club \$20

#### 2009 Walla Walla “Super Tuscan” Sangiovese

A deep, aromatic wine with deep garnet color & with hints of cassis, cherry, vanilla and spice. Perfect with pastas, cheeses & roasts or on its own for those longing for a touch of rustic Italy \$7 glass / \$25 bottle / \$20 Aurora Club

**Our Story-**

The wines are ours...  
made by our gentle hands (and feet)

**Whites & Pinot Noir**  
are grown in our Salmon-Safe and  
LIVE (Low Impact Viticulture & Enology)  
vineyards just outside of town.

The big red wines are made from fruit  
grown in Walla Walla- they don't ripen here  
in the Willamette Valley

**The Tasting Room-**

Originally built for the 1905 World's Fair-  
and rebuilt here to become the town's bank.

**The Aurora Colony**

Aurora was settled as a "Utopian" Society  
in the 1850s. The businesses (mill, hotel,  
stores) and lands (hops, hazelnut) were  
owned by the community and everyone  
lived and worked together in harmony.

**Who is *Bank Robber Red* named for?**

⇒ Emma- who worked at the bank for 4  
days and stole nearly \$300,000 in today's  
currency to win back her husband?  
*"I knew that if I could get a big amount of money  
my divorced husband would marry me again. I  
had determined to see him and arrange for our  
remarriage even before I took the money".*

⇒ The man who stole \$1500,  
but left \$20,000 for the polices' share.  
*(The police chief claimed it was a  
'communist plot' to give him a bad name).*

⇒ The bank managers who  
loaned money on bogus mortgages  
and were indicted for fraud *(twice).*

⇒ The couple who got caught one day after  
tying a teller up with the safe deposit boxes.
